

MindManager®

ENTERPRISE

PRODUCT OVERVIEW

Put your team on the path to success

A successful business starts with well-equipped teams. MindManager Enterprise empowers team members to be more productive on their own, work better with each other, and maximize the tools available to them, with industry-leading mind mapping and interactive diagramming, strategic business and project planning tools and more.

Every day, millions of people in thousands of global organizations use MindManager to more effectively think, plan, communicate, collaborate and get things done across their most business-critical tasks.

BRAINSTORMING

PROJECT PLANNING

PROCESS MAPPING

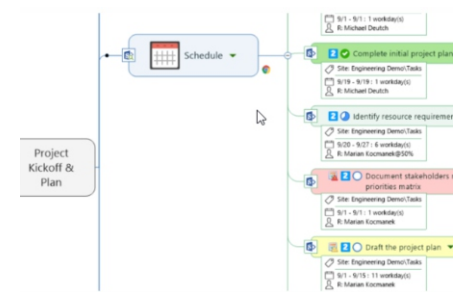

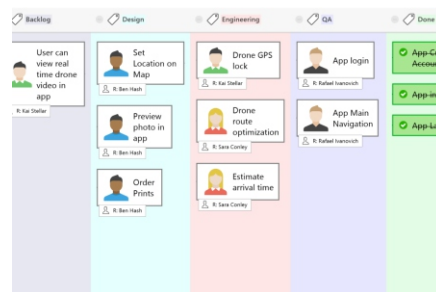

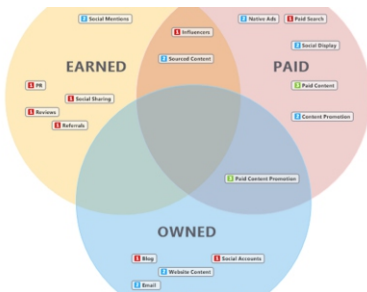

TASK & PROJECT MANAGEMENT

STRATEGIC PLANNING

KNOWLEDGE MANAGEMENT

Work better & faster together

- Transform a dynamic brainstorm into an executable strategy in a single team session.
- Share meeting notes, processes and plans across the organization to drive understanding, alignment and buy-in.
- Save and share maps within Dropbox, Google Drive, OneDrive, or Box.

Plan & manage masterfully

- Define scope, requirements, and expectations and track progress in one transparent communication.
- View projects by resource, tasks, timeline, Gantt Pro and more for 360-degree visibility into status, red flags and risks.
- Effortlessly balance big-picture project goals with the details that make it all come together.

Centralize & simplify execution

- Query and visualize information from multiple SharePoint sites in a single dashboard.
- Easily command large amounts of data with powerful search, filtering and indexing tools.
- Connect and correlate files, links, media, notes and more, to create rich, comprehensive, shareable plans and knowledge repositories.

What's Included in MindManager Enterprise
